Agency ID - NCES Assigned [District]

This is the seven digit code used by NCES to uniquely identify a school district. The first two digits are the ANSI/FIPS state code.

Agency Level (SY 2017-18 onward) [District]

Starting with the 2017-18 files, Agency Level is from the corresponding low and high grade span values as follows:

Level	Definition/Logic Used
Prekindergarten (NEW)	GSLO = PK and GSHI = PK
Elementary	Grade K, 1, 2, 3, or 4 offered, number of elementary grades greater than number of middle grades
Middle	Grade 5, 6, 7, or 8 offered, number of middle grades greater than number of elementary or secondary grades
Secondary (NEW)	Grade 9, 10, or 11 offered, number of secondary grades greater than number of middle grades, no grade 12 offered
High	Grade 12 offered, if other secondary grades offered, number of secondary grades greater than number of middle grades
Other	Both elementary and secondary/high grades or grades in all 3 levels (elementary, middle, secondary/high)
Ungraded (NEW)	GSLO = UG and GSHI = UG (no change)
Adult Education (AE)	GSLO = AE and GSHI = AE (no change)
Not Applicable	GSLO = N and GSHI = N (no change)
Not Reported	GSLO = M and GSHI = M (no change)

Agency Name [District]

This is the name of the Local Education Agency as listed in the specified year of the CCD Local Education Agency Universe data file. Names that are longer than 60 characters are abbreviated.

ANSI/FIPS State Code [District]

This is the two digit American National Standards Institute (ANSI) Code. This standard provides a set of two-digit numeric codes for representing the 50 states, the District of Columbia and the outlying areas of the United States. This code was formally known as the Federal Information Processing Standards (FIPS) state code.

County Name [District]

This is the name of the county within which the local education agency resides.

County Number [District]

This is the three digit American National Standards Institute (ANSI) code for the county, formally known as the Federal Information Processing Standards (FIPS) code. Together with the state ANSI/FIPS code, it uniquely identifies each county. For more information on ANSI codes go to: <http://www.census.gov/geo/www/ansi/ansi.html>

Location Address 1 [District]

This is the street address 1 where the agency is physical located and may be different than the mailing street 1. The distinction between location and mailing state began in the 1998-99 School and Agency surveys.

Phone Number [District]

This is the telephone number of the Education Agency.

State Name [District]

This is the name of the state.

Urban-centric Locale [District]

The urban-centric locale code (NCES assigned, based on 2000 Census geography) is based on the agency's physical address (or mailing address if the physical address is not reported) and is a measure of a agency's location relative to populous areas.

The twelve categories are: 11) City: Large; 12) City: Midsize; 13) City: Small; 21) Suburb: Large; 22) Suburb: Midsize; 23) Suburb: Small; 31) Town: Fringe; 32) Town: Distant; 33) Town: Remote; 41) Rural: Fringe; 42) Rural: Distant; 43) Rural: Remote.

NOTE: Starting in 2006–07, CCD data files contain a new locale code system that is based on the urbanicity of the school location. In prior years, the locale code was assigned based on a school's metro status.

Web Site URL [District]

The Uniform Resource Locator (URL) for the unique address of a Web Page of the agency.
