### Agency ID - NCES Assigned [Public School]

This is the seven digit code used by NCES to uniquely identify a school district. The first two digits are the ANSI/FIPS state code.

### ANSI/FIPS State Code [Public School]

This is the two digit American National Standards Institute (ANSI) Code. This standard provides a set of two-digit numeric codes for representing the 50 states, the District of Columbia and the outlying areas of the United States. This code was formally known as the Federal Information Processing Standards (FIPS) state code.

### Black or African American Students [Public School]

This is the number of students having origins in any of the black racial groups of Africa as reported by each school.

### County Number [Public School]

This is the three digit American National Standards Institute (ANSI) code for the county, formally known as the Federal Information Processing Standards (FIPS), based on the location city (LCITY) of the school. Together with the state ANSI/FIPS code, it uniquely identifies each county. For more information on ANSI codes go to: http://www.census.gov/geo/www/ansi/ansi.html

NOTE: Prior to the school year 2002-03, county number was not collected on the Public Elementary / Secondary School Universe survey. For the earlier years, the county is number from the Local Education Agency (School District) Universe survey.

### Hispanic Students [Public School]

This is the number of students having Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race as reported by each school.

### School ID - NCES Assigned [Public School]

This is the five digit number used by NCES to identify a school. Together with the NCES Agency ID, it uniquely identifies a school.
