## Glossary of selected tableGenerator columns

### Agency ID - NCES Assigned [District]

This is the seven digit code used by NCES to uniquely identify a school district. The first two digits are the ANSI/FIPS state code.

### Agency Level (SY 2017-18 onward) [District]

Starting with the 2017-18 files, Agency Level is from the corresponding low and high grade span values as follows:

| Level | Definition/Logic Used |
|---|---|
| Prekindergarten (NEW) | GSLO = PK and GSHI = PK |
| Elementary | Grade K, 1, 2, 3, or 4 offered, number of elementary grades greater than number of middle grades |
| Middle | Grade 5, 6, 7, or 8 offered, number of middle grades greater than number of elementary or secondary grades |
| Secondary (NEW) | Grade 9, 10, or 11 offered, number of secondary grades greater than number of middle grades, no grade 12 offered |
| High | Grade 12 offered, if other secondary grades offered, number of secondary grades greater than number of middle grades |
| Other | Both elementary and secondary/high grades or grades in all 3 levels (elementary, middle, secondary/high) |
| Ungraded (NEW) | GSLO = UG and GSHI = UG (no change) |
| Adult Education (AE) | GSLO = AE and GSHI = AE (no change) |
| Not Applicable | GSLO = N and GSHI = N (no change) |
| Not Reported | GSLO = M and GSHI = M (no change) |

### Agency Name [District]

This is the name of the Local Education Agency as listed in the specified year of the CCD Local Education Agency Universe data file. Names that are longer than 60 characters are abbreviated.

### ANSI/FIPS State Code [District]

This is the two digit American National Standards Institute (ANSI) Code. This standard provides a set of two-digit numeric codes for representing the 50 states, the District of Columbia and the outlying areas of the United States. This code was formally known as the Federal Information Processing Standards (FIPS) state code.

### County Number [District]

This is the three digit American National Standards Institute (ANSI) code for the county, formally known as the Federal Information Processing Standards (FIPS) code. Together with the state ANSI/FIPS code, it uniquely identifies each county. For more information on ANSI codes go to: http://www.census.gov/geo/www/ansi/ansi.html

### State Name [District]

This is the name of the state.

### Web Site URL [District]

The Uniform Resource Locator (URL) for the unique address of a Web Page of the agency.
